Dear Family of Christ the King,

It is a great pleasure for me to invite you to become involved, or increase your involvement in the life of Christ the King parish. During September and October, we will focus on Discipleship—renewing our commitments of Time, Talent and Treasure to our parish.

The theme for our 2009 Discipleship is “Because we Promised”. Our Baptismal promises initiated us into the mission and ministry of Christ. At Confirmation we were empowered by the Holy Spirit to help make real the actions of Jesus in our parish of Christ the King and within our community.

Our September “Festival of Ministries” is a way to fulfill our promises—to give back by sharing our God given talents with others. There are many ministries at Christ the King and all exist because volunteers are living out their Baptismal promises, to witness our faith through our actions. Our ministries need your help to continue the mission of Christ the King — “To Know, Love and Serve as Jesus Did”.

In October, we will focus on commitment of Treasure to our parish and our Archdiocese. Jesus asks only to be faithful towards a commitment of first fruits. In the next number of weeks you will receive more information with regard to our parish community, its needs and challenges.

Please come and be part of this vibrant community—our parish home of Christ the King. Thank you in advance for sharing your gifts and may God bless you always.

Yours in Christ,

*Reverend Francis G. McNamee
Pastor*

HISTORY OF THE CATHEDRAL

On June 15, 1936, during the period of the Great Depression, Christ the King parish was established on a four-acre site in the community of Buckhead – at that time, located outside the city limits of Atlanta and at the end of the trolley line. The cost of the property was \$35,000.

Situated on the property was an elegant Greek Revival mansion. The porch of this mansion was used for the first parish Mass offered by newly appointed pastor, Father Joseph P. Moylan on August 15, 1936.

Groundbreaking for the new church and school began almost immediately. The cornerstone for the church was blessed on October 31, 1937, the Feast of Christ the King. The solemn dedication of Christ the King Church took place on January 18, 1939.

The church building itself is of French Gothic architectural style, designed by the Philadelphia-based firm of Henry D. Dagit. Indiana limestone, Stone Mountain granite and Georgia marble were used in the construction of the Church and school buildings. *Architectural Record* chose the Cathedral as the “most beautiful building in Atlanta.”

Seating would be for 700 – remarkable foresight since the parish family numbered only 400. (Membership today is just under 5000 families and growing – one of the ten largest Cathedral parishes in the country.)

As parish membership mushroomed, the physical plan was expanded – in 1953 the school building was doubled in size and a convent built. In 1962, the long-awaited gymnasium was completed and named the Hyland Center in honor of the first Bishop of Atlanta.

The years 1999-2000 brought the construction of a three-story Parish Center building, major renovations and additions to the school buildings and a three-story parking deck.

The school, originally consisting of a coed grammar school and an all girl high school, now serves over 500 students in grades kindergarten through eighth.
